

Knights - must have order in your life

The Knights were responsible for maintaining order in the Kingdom. The garden represents order. A man or woman must have order in their life and not operate out of order. We must have order of life emotions, finances, health, and many more. We were created to self-govern ourselves. The L movement of the knight represents Learning! The knight is the only piece that can jump over other pieces so in life there comes a time when you need to jump over hurdles in your life. We should always be learning with a purpose!
